Licensee shall give the Issuing Authority notice of any changes in rates, programming services or channel positions in accordance with applicable law.

9.3 Continuity of Service. It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to the Licensee are honored, and subject to Licensee's rights under Section 15.2.

9.4 Credits For Service Interruption.

Pursuant to 207 CMR, Licensee shall grant a pro rata credit or rebate to any Subscriber whose entire Cable Service is interrupted for twenty-four (24) or more consecutive hours, if the interruption was not caused by the Subscriber and the Licensee knew or should have known of the service interruption. Pursuant to 207 CMR, if an entire tier or Premium Service of a Subscriber's Cable Service is interrupted for twenty-four (24) or more consecutive hours, the Licensee shall provide a pro rata credit or rebate for each tier or Premium Service interruption as provided in 207 CMR. Any subscriber so affected shall report the outage to Licensee within 30 days of such outage.

9.5 Publication And Non-Discrimination.

All rates for residential Cable Service shall be published and non-discriminatory, although discounts may be made available to senior citizens and/or handicapped Subscribers, or through bulk accounts. A written schedule of all rates shall be available upon request during Normal Business Hours at the Licensee's business office. Nothing in this Renewal License shall be construed to prohibit the reduction or waiver of charges in conjunction with promotional campaigns for the purpose of attracting Subscribers.

9.6 Service to Schools and Municipal Buildings. Subject to applicable law, the Licensee shall continue to provide one (1) drop, one (1) Outlet with Basic Service and equipment, without charge, to the municipal buildings within the Service Area identified in Exhibit []. The number of Subscribers, for purposes of this section, shall be calculated as of December thirty-first of the preceding calendar year.

10.2 Maximum Franchise Fee Obligation. In accordance with applicable law, the Licensee shall not be liable for a Franchise Fee pursuant to this License and applicable law in excess of five percent (5%) of its annual Gross Revenue. Further, if in the future, License Fee payments to the Town are based on a percentage of gross annual revenue and said payments are in excess of five percent (5%) of Licensee's gross annual revenues, said payments will be decreased by the aggregate amount of the annual access funding and operating support provided to Town by Licensee in order to stay within the five percent (5%) of annual Gross Revenue cap specified herein.

10.3 Payment of Fee. Pursuant to M.G.L. c. 166A, § 9, the License Fees shall be paid annually to the Town throughout the term of this License, not later than March 15th of each year, unless otherwise required by applicable law.

10.4 Other Payment Obligations and Exclusions

(a) Subject to applicable law, the License Fee payments shall be in addition to and shall not constitute an offset or credit against any and all taxes or other fees or charges which the Licensee shall be required to pay to the Town, or to any State or federal agency or authority, as required herein or by law.

10.5 Accord and Satisfaction. No acceptance of any payment by the Issuing Authority shall be construed as a release or as an accord and satisfaction of any claim the Issuing Authority may have for additional sums payable as a License Fee under this License.

10.6 Limitation on Recovery. The period of limitation for recovery of any License fee payable hereunder shall be three (3) years from the date on which payment by the Licensee was due. If any undisputed License payment or recomputed payment is not made on or before the dates specified herein, Licensee shall pay an interest charge, computed from such due date, at the annual rate of one percent (1%) over the prime interest rate.

SECTION 11
Transfer of License

with the Licensee, without the prior consent of the Issuing Authority, such consent not to be unreasonably withheld or delayed. The requirements for consent of transfer of this Renewal License shall comply with current Massachusetts and Federal statutes and regulations, as they may from time to time be amended. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Licensee in the License or Cable System to secure indebtedness. Within thirty (30) days of receiving a request for transfer, the Issuing Authority shall notify the Licensee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Issuing Authority has not taken action on the Licensee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Issuing Authority shall be deemed given.

SECTION 12

Records

12.1 Reports Required. The Licensee's schedule of charges, contract or application forms for regular Subscriber service, policy regarding the processing of Subscriber complaints, delinquent Subscriber disconnect and reconnect procedures and any other terms and conditions adopted as the Licensee's policy in connection with its Subscribers shall be filed with the Issuing Authority upon request.

12.2 Records Required. The Licensee shall at all times maintain all records according to State and FCC regulations:

(1). A record of all complaints received regarding interruptions or degradation of Cable Service shall be maintained for one (1) year.

(2). A full and complete set of strand maps showing the location of the Cable System.

12.3 Inspection of Records. Licensee shall permit any duly authorized representative of the Issuing Authority, upon receipt of advance written notice, to examine during normal business hours and on a non-disruptive basis any and all of Licensee's records maintained by Licensee as is reasonably necessary to ensure Licensee's compliance with the material terms of this License. Such notice shall specifically reference the subsection of the License that is under review so that the Licensee may organize the necessary books and records for easy access by the Issuing Authority. The Licensee shall not be required to maintain any books and records for License compliance purposes longer than one (1) year, except that any records relevant to the payment of any License Fee, Franchise Fee, or PEG fee shall be retained for three (3) years. The Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Issuing Authority agrees to treat as confidential any books, records, or maps that constitute proprietary or confidential information to the extent Licensee makes the Issuing Authority aware of such confidentiality. If the Issuing Authority believes it must release any such confidential books or records in the course of enforcing this License, or for any other reason, it shall advise Licensee in advance so that Licensee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, the Issuing Authority agrees that, to the extent permitted by state and federal law, it shall deny access to any of Licensee's books and records marked confidential, as set forth above, to any Person.

SECTION 13
Community Programming

13.1 PEG Access Channels. The Licensee shall provide one (1) Channel on the Cable System for use by the Town for the purpose of transmitting noncommercial, locally produced programming by members of the public, Town departments and agencies, public schools, educational, institutional and similar organizations.

13.2 PEG Transmission. The Issuing Authority hereby authorizes the Licensee to transmit PEG programming within and without the Town’s jurisdictional boundaries. The Licensee specifically reserves the right to make or change channel assignments in its sole discretion. If a PEG channel provided under this License is not being utilized by the Town, the Licensee may utilize such PEG Channel, in its sole discretion, upon 180 day’s written notice, and only until such time as the Town elects to utilize the PEG channel for its intended purpose. In the event that the Town determines to use such PEG capacity, the Town shall provide the Licensee with one hundred twenty (120) days’ written notice of such request.

13.3 Public, Educational and Governmental Access Support.

(a) For the term of the Renewal License, the Licensee shall provide an annual payment to the Issuing Authority for PEG operations in the amount of three and one-half percent (3.5%) of GAR directly to a special PEG Account, not the general fund. The first such annual payment shall be made no later than ninety days (90) after the Execution date of this License. Thereafter the Licensee shall make all subsequent annual cash grants no later than March 31st of each year. In no case shall this payment be counted against any franchise or license fee. This grant shall be considered as an external cost for the purposes of rate regulation and may be passed on to the subscribers and identified as a separate line item on the subscriber’s monthly statement to the extent allowed by applicable law and regulation.

(b) The Issuing Authority shall prepare an annual report for the preceding calendar year which records how the annual payment for PEG operations was spent, and what amount remained unspent at the end of the calendar year. This report shall be submitted to the Licensee annually within thirty (30) days of payment of the annual PEG grant.

13.4 Recovery of Costs. To the extent permitted by federal and State law, the Licensee shall be allowed to recover the costs of the annual PEG access support franchise fee payments, and any other costs, including interconnection costs, arising from the provision of PEG services from Subscribers and to include such costs as a separately billed line item on each Subscriber’s bill.

13.5 Indemnity for PEG. The Issuing Authority or its designee shall require all local producers and users of any of the PEG facilities or channels to agree in writing to authorize the Licensee to transmit programming consistent with this License and hold harmless and defend the Licensee and

the Town from and against any and all liability or other injury, including the reasonable cost of defending claims or litigation, arising from or in connection with claims for failure to comply with applicable federal laws, rules, regulations or other requirements of local, state or federal authorities; for claims of libel, slander, invasion of privacy, or the infringement of common law or statutory copyright; for unauthorized use of any trademark, trade name or service mark; for breach of contractual or other obligations owing to third parties by the producer or user; and for any other injury or damage in law or equity, which results from the use of a PEG facility or channel. The Issuing Authority shall establish rules and regulations for use of PEG facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531) and this License.

SECTION 14

Enforcement, Revocation, Penalties

14.1 Notice of Violation. If the Issuing Authority believes that the Licensee has not complied with the terms of the License, the Issuing Authority shall first informally discuss the matter with Licensee. If these discussions do not lead to resolution of the problem, the Issuing Authority shall notify the Licensee in writing of the exact nature of the alleged noncompliance (the “Violation Notice”).

14.2 Licensee’s Right to Cure or Respond. The Licensee shall have thirty (30) days from receipt of the Violation Notice to: (i) respond to the Issuing Authority, contesting the assertion of noncompliance; (ii) cure such default; or (iii) if, by the nature of default, such default cannot be cured within the thirty (30) day period, initiate reasonable steps to remedy such default and notify the Issuing Authority of the steps being taken and the projected date that they will be completed, including sending the Issuing Authority a time line for cure, and a written status report every thirty (30) days until cure. Failure to strictly follow the requirements of this section shall constitute a separate breach, which the enforcement of which shall entitle the Issuing Authority to by-pass the steps in ¶¶14.1 and 14.2 and proceed directly to a public hearing for that offence under ¶14.3.

14.3 Public Hearing. If the Licensee fails to respond to the Violation Notice received from the Issuing Authority, or if the default is not remedied within the cure period set forth above, the Issuing Authority shall schedule a public hearing if it intends to continue its investigation into the default. The Issuing Authority shall provide the Licensee at least twenty (20) days prior written notice of such hearing, which specifies the time, place and purpose of such hearing, notice of which shall be published by the Clerk of the Issuing Authority in a newspaper of general circulation within the Issuing Authority in accordance with subsection 15.8 hereof. At the hearing, the Issuing Authority shall provide the Licensee with an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the License shall be revoked. The public hearing shall be on the record and a written transcript shall be made available to the Licensee within twenty (20) business days. The decision of the Issuing Authority shall be made in writing and shall be delivered to the Licensee. The Licensee may appeal such determination to an appropriate court, which shall have the power to review the decision by the Issuing Authority de novo. The Licensee may continue to operate the Cable System until all appellate procedures have been exhausted.

14.4 Enforcement. Subject to applicable federal and state law, in the event the Issuing Authority, after the hearing set forth in subsection 14.3 above, determines that the Licensee is in default of any provision of the License, the Issuing Authority may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;
- B. Commence an action at law for monetary damages or seek other equitable relief; or
- C. In the case of a substantial default of a material provision of the License, seek to revoke the License itself in accordance with subsection 14.5 below.

14.5 Revocation.

- A. Prior to revocation or termination of the License, the Issuing Authority shall give written notice to the Licensee of its intent to revoke the License on the basis of material noncompliance by the Licensee, including one or more instances of substantial noncompliance with a material provision of the License as set forth in Section 14. The notice shall set forth the exact nature of the noncompliance. The Licensee shall have thirty (30) days from such notice to either object in writing and to state its reasons for such objection and provide any explanation or to cure the alleged noncompliance. If the Issuing Authority has not received a satisfactory response from the Licensee, it may then revoke the License at a public hearing. The Licensee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the License. The public hearing shall be conducted in accordance with the requirements of Section 14.3.
- B. Notwithstanding the above provisions, the Licensee reserves all of its rights under federal law or regulation.
- C. Upon revocation of the License, the Licensee may remove the Cable System from the Streets of the Town, or abandon the Cable System in place.

14.6 Notice of Legal Action. Except in an emergency situation, in the event that the Licensee or the Issuing Authority intends to take legal action against the other party for any reason, it shall first (i) give the other party reasonable notice that an action will be filed, (ii) meet with the other party promptly before it files any such action, and (iii) negotiate the issue, which is the subject of any proposed legal action, in good faith with the other party and/or its representative(s).

14.7 No Waiver.

(a) Neither failure on the part of the Issuing Authority, the Town or the Licensee to exercise nor delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall either single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

(b) The failure of the Issuing Authority or the Town to take any action in the event of any breach by the Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Issuing Authority or the Town to take any action permitted by this Renewal License at any other time in the event that such breach has not been cured, or with respect to any other breach by the Licensee.

SECTION 15
Miscellaneous Provisions

15.1 Compliance with Laws. Issuing Authority and Licensee shall conform to all applicable state and federal laws and rules regarding cable television as they become effective. Licensee shall also conform with all generally applicable Licensee ordinances, resolutions, rules and regulations heretofore or hereafter adopted or established during the entire term of the License. In the event of a conflict between the Issuing Authority’s ordinances, resolutions, rules or regulations and the provisions of the License, the provisions of this License shall govern.

15.2 Force Majeure. The Licensee shall not be held in default under, or in noncompliance with the provisions of the License, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Licensee to anticipate and control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain, or monitor their utility poles to which Licensee’s Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

15.3 Minor Violations. Furthermore, the parties hereby agree that it is not the Issuing Authority’s intention to subject the Licensee to forfeitures or revocation of the License for violations of the License where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Service Area, or where strict performance would result in practical difficulties and hardship to the Licensee which outweighs the benefit to be derived by the Issuing Authority and/or Subscribers.

15.4 Action of Parties. In any action by the Issuing Authority or the Licensee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

15.5 Equal Protection. If any other licensed provider of cable services or video services (without regard to the technology used to deliver such services) is lawfully authorized by the Issuing Authority to provide such services using facilities located wholly or partly within the public rights-of-way of the Town, and if the conditions imposed on such other competing licensed provider are less burdensome than those imposed upon Licensee, the Issuing Authority shall within thirty (30) days of a written request from Licensee begin the license amendment process as provided by Massachusetts laws and regulations, and will in a timely manner complete the amendment of this license to insure that the obligations applicable to Licensee are no more burdensome than those imposed on the new competing licensed provider. Nothing in this section

shall be deemed a waiver of any remedies available to Licensee under federal, state or municipal law, including but not limited to Section 625 of the Cable Act, 47 USC sec. 545.

15.6 Notice to Licensee. Licensee shall provide written notice to Grantee within ten (10) days of Grantor's receipt from any other Person(s) of an application or request for a franchise(s), license(s), consent(s), certificate(s), authorization(s), or exemption(s) to provide Cable Services, video services, or other television services utilizing any system or technology requiring use of the public rights of way. Any public hearings to consider such application or request shall have the same notice requirement as outlined in Paragraph 15.5 above.

15.7 Change in Law. Notwithstanding any other provision in this License, in the event any change to state or federal law occurring during the term of this License eliminates the requirement for any person desiring to provide video service or Cable Service in the Service Area to obtain a license from the Issuing Authority, then the Licensee shall have the right to terminate this License and operate the system under the terms and conditions established in applicable law. If the Licensee chooses to terminate this License pursuant to this provision, this License shall be deemed to have expired by its terms on the effective date of any such change in law, whether or not such law allows existing license agreements to continue until the date of expiration provided in any existing license.

15.8 Notices. Unless otherwise provided by federal, State, or local law, all notices pursuant to this License shall be in writing and shall be deemed to be sufficiently given upon delivery to a Person at the address set forth below, or by U.S. certified mail, return receipt requested, nationally or internationally recognized courier service such as Federal Express or electronic mail communication to the designated electronic mail address provided below. As set forth above, notice serviced upon the Issuing Authority shall be delivered or sent to:

Every notice served upon Licensee shall be delivered to the following address or such other address as Licensee may specify in writing to the Issuing Authority:

15.9 Administration of License. This License is a contract and neither party may take any unilateral action that materially changes the explicit mutual promises and covenants contained

herein. Any changes, modifications or amendments to this Franchise must be made in writing, signed by the Issuing Authority and the Licensee.

15.10 No Recourse Against The Issuing Authority. Pursuant to Section 635A (a) of the Cable Act, the Licensee shall have no recourse against the Issuing Authority, the Town and/or its officials, member, employee or agent, other than injunctive relief or declaratory relief, arising from the regulation of cable service or from a decision of approval or disapproval with respect to a grant, renewal, transfer, or amendment of this Renewal License.

15.11 Jurisdiction. All provisions in this License shall apply to the Town, the Licensee and their successors and assigns. Jurisdiction and venue over any dispute, action or suit arising from this Renewal License shall be in any court of appropriate venue and subject matter jurisdiction located and, subject to the parties right to remove, the parties by this instrument subject themselves to the personal jurisdiction of said court for the entry of any such judgment and for the resolution of any dispute, action, or suit.

15.12 Public Notice. Minimum public notice of any public meeting relating to this License shall be as provided by 207 CMR 2.02.

15.13 Severability. If any section, subsection, sentence, clause, phrase, or portion of this License is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this License.

15.14 Entire Agreement. This License and any exhibits hereto constitute the entire agreement between the Licensee and the Issuing Authority and they supersede all prior or contemporaneous agreements, representations, or understandings (whether written or oral) of the parties regarding the subject matter hereof.

15.15 Effective Date. The License granted herein shall take effect and be in full force from such date of acceptance by the Licensee as recorded on the signature page of this License.

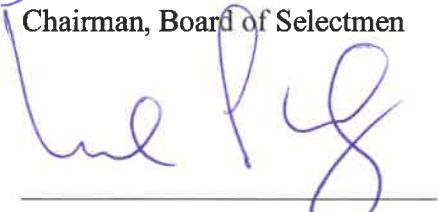

15.16 No Third Party Beneficiaries. Nothing in this License is intended to confer third-party beneficiary status on any Person other than the parties to this License to enforce the terms of this License.
